Udemy certificates

# Hydriss Tshwala Mangala

**Full-Stack Developer · Software Engineer**

Kinshasa, DR Congo · currently in Turkey

## PROFILE

Full-stack developer with 5 years of experience, I design and build web and mobile applications and digital platforms. I support projects from design to deployment, focusing on performance, user experience and solutions tailored to real needs.

## EXPERIENCE

**Full-Stack Developer / Software Engineer** — 2021 – Present
Freelance

- Designed and launched web and mobile platforms: Kabadeal (classified ads), KabaShop (online stores) and VivaCollab (brands and content creators).
- Built applications with Next.js, Laravel, Flutter and TypeScript; API integration and database management (MySQL, MongoDB, Firebase).
- Task automation, deployment and production releases with Docker, GitHub and Vercel.
- Supported projects from design to deployment, with a focus on performance and user experience.

**Electronics Technician** — 2019 – Present
Freelance

- Diagnosis, repair and maintenance of electronic equipment.

## SELECTED PROJECTS

**Kabadeal** kabadeal.com — Laravel · Next.js · Flutter
Classified-ads platform for French-speaking Africa to discover, buy and sell products and services.

**KabaShop** kabashop.africa — Laravel · React · TypeScript · Flutter
Platform empowering African businesses to create online stores, QR menus, booking and event pages, and digital business cards.

**VivaCollab** vivacollab.com — Full-Stack
Platform connecting brands and content creators to simplify collaborations, campaigns and partnerships.

**KabaPhoto** — TypeScript · Node.js · Python
SaaS for selling event photos using face recognition (in development).

## EDUCATION

**B.Sc. in Computer Engineering** — 2026
Bahçeşehir University (BAU), Turkey

**Diploma in Electronics** — 2018 – 2019
